FAQ:**Why don't you have a catalog?**

The nature, and may I add the beauty of our products are that they are all one-of-a-kind. Each piece is reflective of that particular log and cannot be exactly duplicated. What we are offering is replications of standard pieces that are made uniquely for you. Look at the website and you will see furnishings that are all living happily somewhere in America! For your convenience we are adding a pdf catalog that can be viewed or downloaded from our website.

How can I see your live-edge furnishings?

Check out our website under 'shows and galleries' to see where we are currently selling. Our website is another good place to see what we offer. The website shows a video of the crew making our 'live-edge' furnishings.
